

Detroit Green Task Force -- Transportation and Mobility Committee

Monthly meeting: August 18, 2020 at 4pm

Location: [Google Meet](#) or by phone 617-675-4444 PIN: 189 425 730 0380#

Attendees: Todd Scott, Myra Tetteh, Tori Prouse, Jacob Graham, Stacey Matlen, Thomas Habitz, Adriel Thornton

Presenter: Joel Howrani Heeres, Office of Sustainability

Presentation: Joel Howrani Heeres, Director of the Office of Sustainability

- Multiple actions in the Sustainability Action Plan related to our Committee, including (see PowerPoint for full list):
 - Complete Streets policy
 - Providing first/last mile transit connections
 - Develop electronic vehicle infrastructure
- Multiple departments and community partners are involved in putting the Sustainability Action Agenda in motion
 - Accompanying the Action Agenda is a dashboard with 28 indicators that include walk score, bicycle crashes, and city responsiveness. The planned release for the dashboard is Summer/early Fall 2020.
- Related to the sustainability work, a Climate Action Plan to mitigate greenhouse gases is currently in progress
- Where we fit in the Sustainability Action Agenda as a Transportation and Mobility Committee:
 - Being an advocate and present at meetings (City Council & Mayor's Office meetings)
 - Maintain a close relationship with the city of Detroit Complete Streets Coordinator (Caitlin Marcon)
 - Research and share best practices from other cities with City Council & Mayor's Office
 - Review the Transportation Strategic Plan, and consider areas that we can participate in: e.g., employers who can help reduce emissions through Transportation Demand Management practices
